Dear Judy

Re; Ruislip Lions Christmas Show

Wow Judy! The 'Madagascar' performance on Saturday was just amazing, in fact that word really doesn't do it justice!. It was vibrant, it was energetic, it was colourful and it was fun, and more to the point, the audience LOVED IT !!!

Please say a big big thank you to all your dancers. They were all superb . They were all stars from the very youngest upwards.

I did speak to Justin our stage manager before the commencement of the show to ask him to tweak up the sound a little, and I hope that you were happy with the result. Certainly there was no lack of rhythm from any of the dancers and the audience were happy too, so hopefully a compromise was reached to suit everyone.

As for you Judy, I think that you have a very rare and amazing talent. Getting youngsters away from their games consoles in the first place is an art and then encouraging them, training them and bringing them up to performance standard takes someone special - and what is more, they all thoroughly enjoyed themselves and want to emulate the dynamism that you have in abundance.

Congratulations to you and every one of your dancers, you all gave us a show to remember

Thank you once again  
Yours sincerely
